

bonnell

Bonnell... The mainstay of mattress springs!

Leggett & Platt offer the finest quality Bonnell innerspring systems available. Every spring is produced from special wire drawn to our own exacting standards for greater uniformity and performance.

High speed computer controlled manufacture ensures unit stability, consistency and improved productivity.

All manufactured in a variety of wire diameters, coil counts, unit heights and a full complement of bedding sizes.

Characteristics, features and benefits include:

- Manufacturing consistency and unit uniformity
- Unbeatable stability, strength and durability
- Responsive and supportive
- Extensive variety
- Highest quality product
