

bonnell XT™

An innovative way to beat the high cost of cushioning components!
Get height without adding the cost of extra foam with Leggett's
Extended Height Bonnell XT Innerspring - a new high profile 17cm, 5
turn bonnell that offers all the supportive characteristics of the standard
Bonnell systems.

- Bonnell XT allows you to offer a luxuriously supportive, comfortable innerspring mattress that use less filling material.
- Bonnell XT is also ideal for single sided bedding - providing the look and support of today's thicker mattresses without having to add the cost of extra filling layers.
- Due to stress relieving, Bonnell XT maintains resilient flexibility for a more durable, longer lasting sleep surface.

Provide a comfortable unit with less fillings! 5 turn
Bonnell XT on the left compared to the standard
height 5 turn Bonnell on the right dramatically
shows the height gain and material savings.
